

PAB Personal Protective Equipment

firefight
series

FIRE 03

Made of high temperature resistant plastic

PAB Personal Protective Equipment

Standard colors

* optional photo-luminescence

Ready to use with a full face mask

Optional dark visor

Optional lamp integration

Helmet's shell

- Flame-retardant manufacturing material and luminescent colour
- Integral shell, extending to the back of the neck and to the face sides
- Connection with other elements (visor, interior basket, chinstrap) through a specially designed connective fitting
- Longitudinal exterior ribs and interior ventilation channel
- Good shock absorbing quality

Interior basket

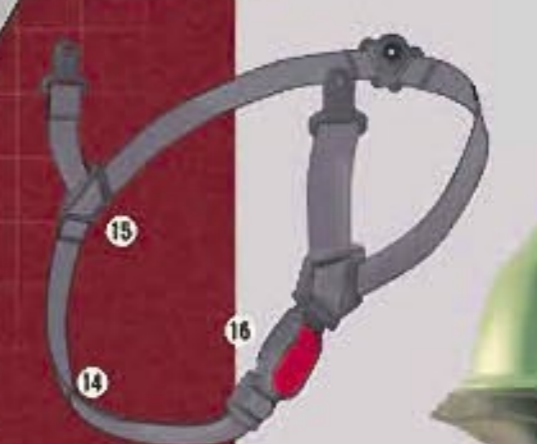

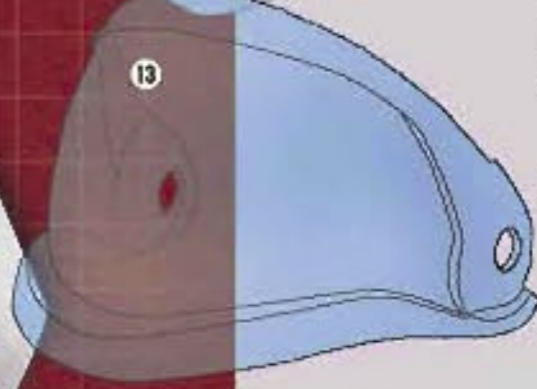

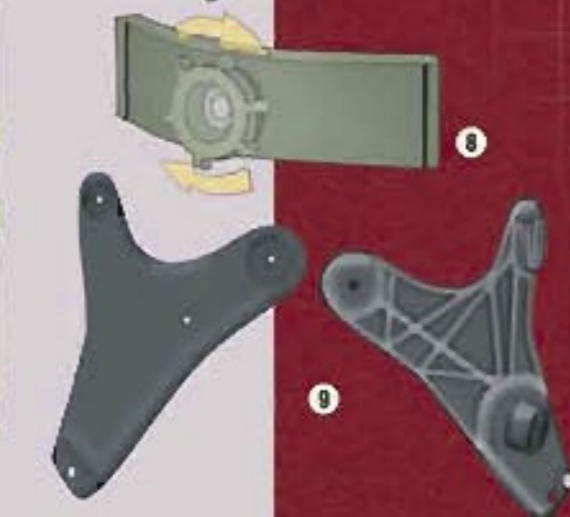

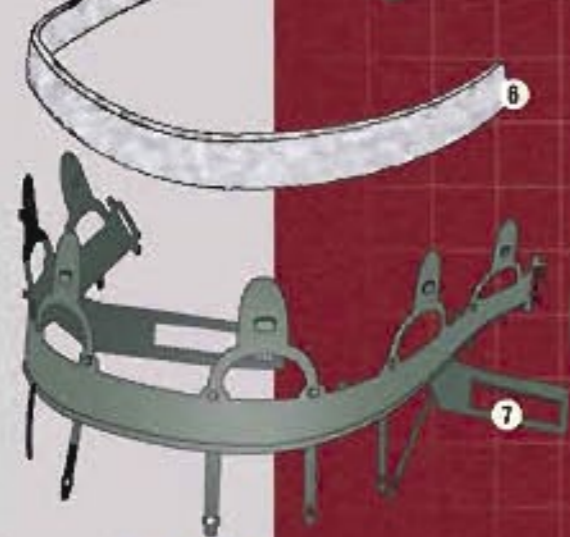

- Flame-retardant manufacturing material
- Possible adjustment of the head size and shape (from 52 to 64 cm) by use of the back ratchet
- High shock absorbing quality
- Lining of special material, which prevents skin irritation

Chinstrap

- Flame-retardant cotton material, made-to-purpose
- Side triangle connections for adjusting the head shape and the ear position of the helmet wearer
- Quick release snap connection
- To adjust only when putting the helmet on the head for the first time
