

## WiCom NATURAL

*Wireless way to communicate*

CE

WiCom Natural is a level dependent earmuff equipped with Bluetooth® wireless technology. You can be protected from harmful noise, hear the sounds of surrounding environment and at the same time be reached by your mobile phone.

No visible connection is needed between the mobile phone and hearing protector, thus you can place your mobile phone in your pocket or on a desk. The maximum distance between the devices can be even 10 meters.

WiCom Natural is easy to use. Answering to incoming call is done with press of one button. All functions of WiCom Natural can be used at the same time or separately.
